

Minutes of NTCC Meeting  
March 30, 1993  
Sheraton/ Cabernet Room

Present: Helon Raines, Linda Huston, Bill Lay, Fred Chancey, Nell Ann Pickett, Katherine Staples, Dale Adams, Mark Reynolds, Dennis Kriewald, Miles Myers, Libby Bay, Bob Danielson, and Audrey Roth.

The meeting was called to order at 7:40 PM after a celebration of Nell Ann Pickett's contributions.

Minutes of 1992 NTCC Meeting in Louisville were approved with corrections.

The Regional Representatives were unanimous in their approval of Helon Raines work on the Restructure Document.

*Needs to be corrected*  
Helon Raines recommends that the language of the College Section Proposal be ~~changed~~ <sup>revised</sup> to read " Two-Year College, Four-Year College, and University Section." She outlined the benefits and drawbacks of the restructuring document. She believes that the proposed name change through the By-Laws must take place in the Regionals. She also proposed Ex-Officio status for two California Representatives, not to preclude changes.

Dale Adams moved that we adopt the first recommendation: The College Section Proposal with the name change. Katherine Staples seconded. Nell Ann Pickett offered a friendly amendment to delete paragraph 5 beginning, " An on-going commitment . . . ." Discussion followed on the name change. Helon reminded us that the name change suggestion came from the College Section Executive Board. Adams and staples accepted the amendment. The motion passed unanimously on a voice vote.

The second recommendation -- to <sup>make the additional restructuring change</sup> work the name change through the Regional By-Laws -- was moved by Bill Lay and seconded by Linda Huston. The discussion that followed looked at the intent to form a committee to work on the By-Laws changes. Paul Bodmer is to chair the committee. Helon Raines will appoint the members. Lois Powers and Helon discussed the advantages of the Ex-Officio participation of California. Dale Adams called the previous question. It passed unanimously on a voice vote.

Miles Myers reported on the Restructure expenses. He said that there was some confusion about the income and expenditures, but that we were within the budget. In discussion of the project, he supported the voice for two-year colleges in order to participate more fully in the national discussion of education. We need to discuss our commonalty, our variety needs to be expressed as well. He believes that our memberships will grow and that will lead to increased power for two-year teachers. ~~He asked us to be clear about the question that we are asking. Bill Lay thanked Miles for his support and enthusiasm. In response to a warning from Linda Huston about separation from four-year institutions, Miles reminded us that name changes are a double-edged sword: they identify but separate.~~

There was a break from 9:15- 9:30.

The Archivist's report was sent by Chuck Annal. It listed the documents submitted during the last six months.

The report from TETYC included a name change to Two Year College English suggested by Mark Reynolds. Nell ann Pickett moved the title change and Dale Adams seconded. The motion passed unanimously after a short discussion. There are two special issues coming up. TETYC thanked the Midwest Regional for mentioning it in their membership brochere. The Southeast had a check off for TETYC which resulted in ten new subscriptions.

Mark Reynolds reported on the Anthology. The reviews were very good and the book will probably appear just prior to 4C's next year. He thinks some important subjects were not covered: part-timers, assessment, writing centers among others. He would like to see another anthology developed in the future to handle some of these topics.

Meeting was adjourned at 10:30PM.

Respectfully Submittted)
